Diploma in Computer Engineering
Acme Engineering College – CTEVT
2010 AD - 2014 AD

Bachelor in Computer Engineering
Acme Engineering College - Purbanchal University
2015 AD - Running

Key Projects

Open Data Nepal | http://opendatanepal.com
Open Data Nepal is a civil society initiative to make Nepal's data accessible online perpetually. The portal allows users to publish, explore, download and use data to make their own visualisations, apps and services without any restriction.

Open Data Awareness Program | http://odap.oknp.org
Open Data Awareness Program aims to raise awareness about the concept and usage of open data to Nepal's digital natives (university students from different academic backgrounds), who are the potential future decision-makers in government, civil society, and the private sector.

AskNepal | https://asknepal.info/
A collaborative project of Open Knowledge Nepal and Code for Nepal, AskNepal helps access information about local government, central government, parliament, state-funded schools, universities, hospitals and other public authorities.

Open Data Fellowship | https://fellowship.oknp.org/
The fellowship aims to increase the number of women leaders in the field of open data in Nepal & use the existing expertise of different organizations to provide a good exposure to women and equip them with valuable work experience, confidence and skills that will help them to better understand the data ecosystem and potential opportunities.

NepalMap | https://nepalmap.org
NepalMap is a web app that puts data about Nepal at your fingertips. NepalMap helps users to find and understand data on Nepal easily, and will be useful to anyone who seeks to learn more about Nepal via data.

Talks

Topic: Working with Open Data
