- Carried out primary desk research for Nepal to locate evidence about each question in the Expert Survey.
- Participated in an online researcher-training session conducted by the Regional Hub and the Global Data Barometer project team.
- Conducted peer review for an assigned country.
- Used the guidance from the research handbook to assess the evidence and respond to scoring scales and assessment questions.

Areas of Expertise

Data Munging & Scrapping, Strategic Management, Project Design, Research Support & Reporting, Writing & Notekeeping, Data Analysis & Visualization

Education

Diploma in Computer Engineering
Acme Engineering College – CTEVT
2010 - 2014

Bachelor in Computer Engineering
Acme Engineering College - Purbanchal University
2015 - 2020

Key Projects

Integrated Data Management System | https://idms.oknp.org/
IDMS is a comprehensive and interoperable digital platform meticulously designed to facilitate seamless inter-governmental data sharing and the efficient dissemination of valuable data in the public domain, adhering to the FAIR principles.

Open Data Nepal | http://opendatanepal.com/
Open Data Nepal is a civil society initiative to make Nepal's data accessible online perpetually. The portal allows users to publish, explore, download, and use data to make their visualizations, apps, and services without any restriction.

Open Data Awareness Program | http://odap.oknp.org/
Open Data Awareness Program aims to raise awareness about the concept and usage of open data to Nepal's digital natives, who are potential future decision-makers in government, civil society, and the private sector.

AskNepal | https://asknepal.info/
AskNepal helps access information about local government, central government, parliament, state-funded schools, universities, hospitals, and other public authorities.

Local Government (LG) Data Fellowship | https://fellowship.oknp.org/
The LG Data Fellowship aims to assist municipal bodies in digitizing their data for improved decision-making. It offers the opportunity to work closely with various personnel in municipalities and other stakeholders.

NepalMap | https://nepalmap.org/
NepalMap is a web app that puts data about Nepal at your fingertips. NepalMap helps users to find and understand data on Nepal easily and will be useful to anyone who seeks to learn more about Nepal via data.

Talks

Topic: Working with Open Data
KU HackFest 2021 organized by the team of Kathmandu University and Kathmandu University Computer Club.

Topic: Grassroots awareness and the impact of Civic Tech in Nepal
2019 Creative Commons Global Summit organized by Creative Commons at Lisbon, Portugal.

Topic: Grassroots awareness and the impact of Civic Tech in Nepal
